SENECA COUNTY SHERIFF JACK S. STENBERG ANNOUNCES THE LAUNCH OF NEW SENECA COUNTY SHERIFF'S OFFICE WEBSITE

FOR IMMEDIATE RELEASE

Seneca County Sheriff Jack S. Stenberg announces the launch of the new improved Seneca County Sheriff's Office website on the Internet at <http://sheriff.co.seneca.ny.us>

In announcing the launch of the website, Sheriff Stenberg reported "With today's launch of our newly designed website, citizens in Seneca County are only a mouse click away from obtaining critical information to protect not only themselves, but also their children by identifying sexual offenders who live in their neighborhoods or to being able to register to be notified by phone or email when a defendant is released from a correctional facility anywhere in the United States." Our goal with redesigning our website was to provide the citizens of Seneca County with easy access to important information", said the Sheriff.

The site features direct links for victims of crime to access the State Crime Victims Board and local crime victim advocates along with important information crime victims should know.

A feature we are most excited about is the ability to post on our website almost real- time ALERTS for the public's information. In the event of a serious incident or crime we can post the most up to date near real-time information the people of Seneca County need to protect themselves and their families. We will post ALERTS to notify residents of Seneca County crime trends in their communities such as break-in's or scams circulating against unsuspecting victims.

"In our effort to be accountable to those we serve the website describes the operations of the Sheriff's Office as well as each of the Divisions within the Office of Sheriff. The overall operation of the Sheriff's Office consumes a great deal of taxpayer funding and it is incumbent on this administration to expend those funds in a fiscally conservative manner. Our website describes all of the functions of the Sheriff's Office and what we do with those valuable public funds.

Another website feature allows users to request a "Property Check" of their property while away for an extended time using a secure on-line form, or another feature which allows anyone to report directly to the Sheriff's Administration positive and or negative contact with any of our employees.

Looking for a public service presentation for your service group? Check out our programs section or we can tailor a program to fit your needs. Looking for a safe internet place your young school age children can go to play online? Check out our interactive D.A.R.E. KIDS page. Not only will your children learn about the dangers of drugs, but will learn valuable life concepts as well.

If you want to know how to file a civil action against someone visit our Civil Division section. Need to have your fingerprints taken for a pistol license or any other type of license visit our FAQ section. Effective January 1, 2010, there are important changes that take effect with regards to fingerprint submissions – read all about it in our FAQ's.

Did you know that in 1887 a Corrections Officers was killed in the line of duty while attempting to thwart an escape attempt at the Old Seneca County Jail in Waterloo? You can learn about the events that took place back then along with our efforts to honor his memory after all of these years.

Sheriff Stenberg wishes to thank Jim Sinicropi and the dedicated talented professionals at Finger Lakes 1 who took our vision of a website and created a masterpiece at no cost to Seneca County taxpayers.

The newly launched website offers the Citizens of Seneca County a great deal of information about what the Seneca County Sheriff's Office does and we encourage the public to visit our site, explore what we offer and learn more about what we do. Keeping checking back often as we will be adding to the site to make it more responsive to the public we serve.
